Diverse, *adj*, (di-verse; di; divurs)

1. Unlike in kind, distinct.
2. Diversity in form, difference.
3. Cambridge Rindge and Latin School

When God Made Me was he thinking about my country, or the color of my skin?
Was he thinking about my religion, and the way I worshipped him?
Did he create just me in his image, or every living thing?
When God Made Me did he give me the gift of love to say who I could choose?
When God Made Me did he give me the gift of voice so some could silence me?
Did he give me the gift of vision not knowing what I might see?
Did he give me the gift of compassion to help my fellow man?

From Neil Young's performance of "When God Made Me" on
"Shelter From the Storm: A Concert for the Gulf Coast"

To the Members of the Class of 2006

We've changed - over time - together. We began our experience with hopeful, nervous, anticipation, a little afraid of what to expect. Nevertheless, excited and enthused about our new adventure – Cambridge Rindge and Latin School. CRLS, the big monument that lies between the streets of Cambridge and Broadway stands huge, like a concrete edifice, giving the appearance of cold hardness. Together, we entered this building 4 years ago.

In the past 4 years we've experienced the turmoil of war and the casualties that result; tried to reconcile the actions of the Catholic Church; closely observed the hosting of the Democratic Convention across the river; questioned the judicial push, pull and manipulation of marriage and the Gay community; revisited the old debates – women's rights, abortion, affirmative action and civil rights; and withstood the anger of mother nature ranging from Tsunamis on the coast of India, to hurricanes on the Gulf of Mexico – all life changing events...and that brings us back to us – inside of CRLS trying desperately to understand how we – in this place and time know what role we play in making a difference in this world – outside of and within this concrete edifice. We've struggled with and asked : "Will the choices I make and the actions I take be significant enough and mean anything to anyone to really make a difference?"

When I look back at us, 4 years ago our hair was different. Our clothes and bodies were different. Our challenges were different:

Year 1 - walking into CRLS was a little tough. You had to begin the 9th grade. CRLS had to change leadership. We both knew we had to do it, but we were both afraid. However, we found that once we were here – it wasn't so bad. We soon realized that just our presence, our being here made a difference.

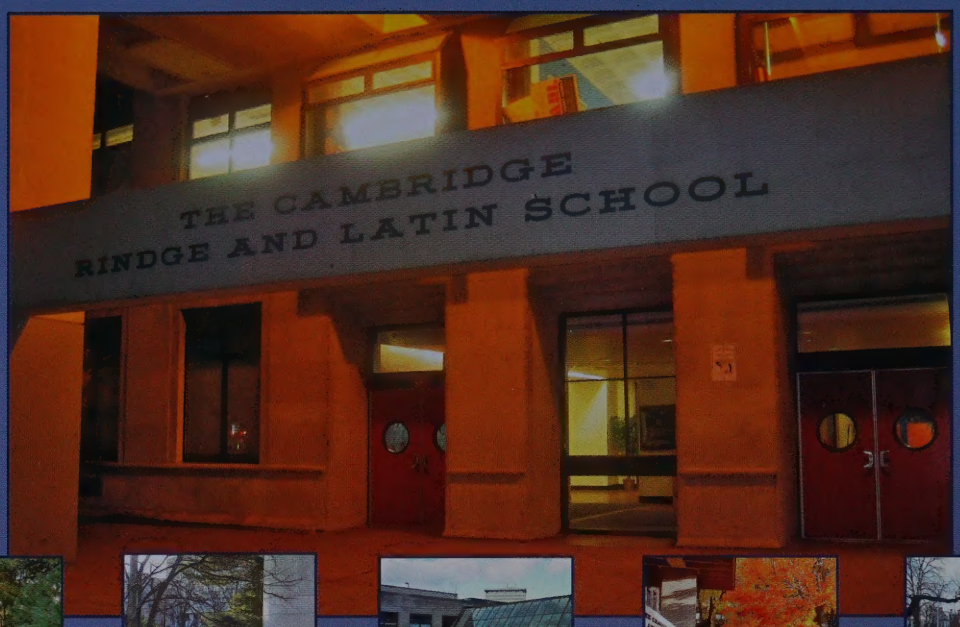

Year 2 - CRLS had to consolidate 5 small schools into 4 small learning communities and transition from heterogeneous to Honors and CP classes. You were in the 10th grade and now had to decide if you were going to change your peer groups and choose between hanging with those in college prep or studying with those in honors classes. We both had to study and focus on what things were important and would get us closer to achieving our educational goals – you as student, me as principal.

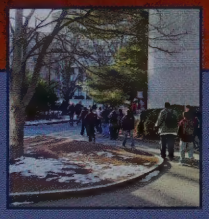

Year 3 - CRLS works hard to get off probation to keep its accreditation. Teachers are working harder to help students achieve and get smarter. We all work harder. I have to look for and create ways to keep teachers motivated. You try to be receptive of their new learning and new ways of teaching. We both have to develop new perspectives and expand our thinking.

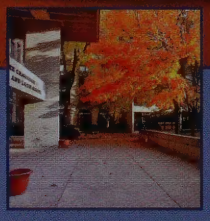

Senior year – CRLS again experiences a major change – the class schedule changes to the 4X4 block schedule. We all hold our breath because we know that this could be good or bad – for some or all of us. We both want this to work: You - because you have to sit through the classes; Me - because I want teachers and students to feel success. In this fourth year good things have happened – school spirit has risen. As a result more students and teachers have become involved and participated in more school events. Together, we have proven that no matter what the outside world has yielded; physiological changes we have evolved from; challenges or changes CRLS has undergone, the Class of 2006 has persevered and endured. We have triumphed together.

As we have completed this leg of our race together, we will now part and continue on our separate ways. Whatever the world has to offer, we've already proven that we're ready for it! Let us always continue as we began 4 years ago - hopeful, nervous, full of anticipation, a little afraid of what to expect. Nevertheless, excited and enthused about our new adventures in life!

May You Always Know Joy, Hope and Love.
Best Wishes,
Dr. Sybil N. Knight
Principal

"As much as I have said I don't like Rindge, the truth is the experiences I have had here have helped make the person I have become today. Rindge is a school that teaches you to live your life color blind."

Te'Quisha Dunn, Co-Editor

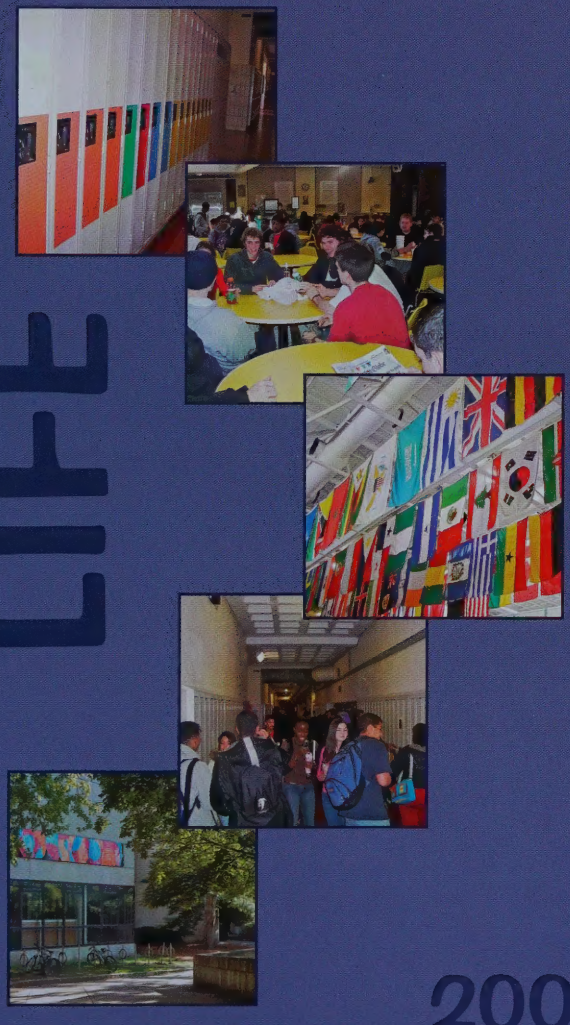

"What I have learned here are lessons in life. Rindge has taught me to fight for what I want. All my friends here are so different, but it is the differences that make them so unique. The people here are unlike anywhere else and that's why Rindge is so distinct."

Ali Voss, Co-Editor

EVERYDAY LIFE

Leonard, you don't have to worry about your manicure, it looks perfect. ->

Gloria, did you get a good night sleep?! What are you smiling at ?!!!

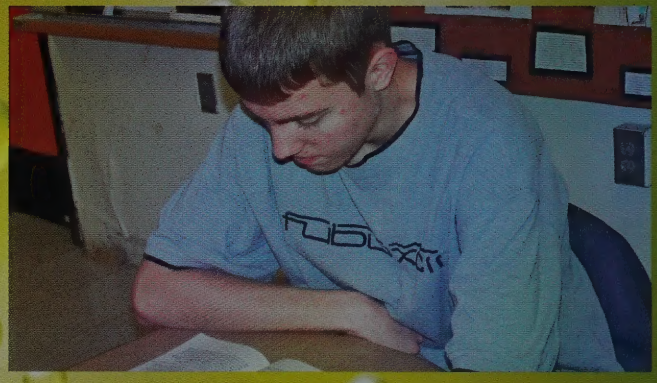

What are you waiting for, a plate of food?

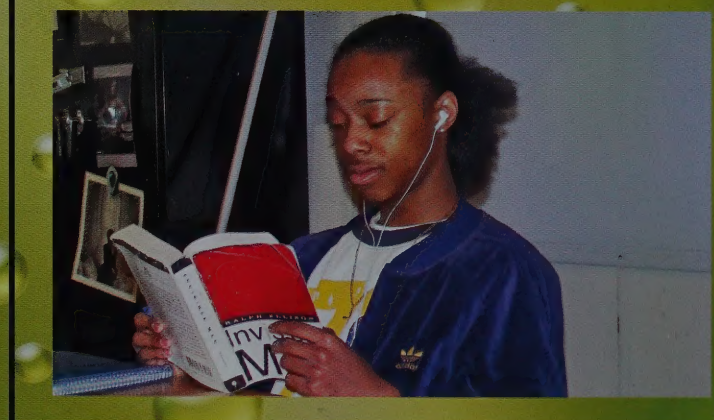

Christine, was the cookie good?

Keeping your head in the book. Good job!!

I know the girl on the left is cute, but what happened to the girl on the right is "fine".

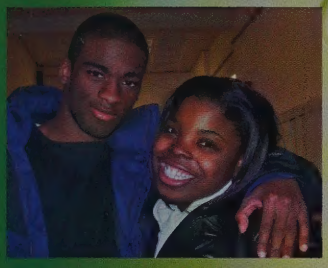

I thought head phones were not allowed in school?

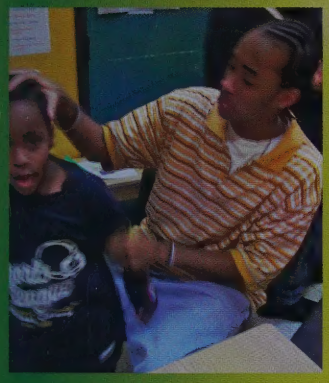

AT CRLS

Dang,think you're hungry? ->

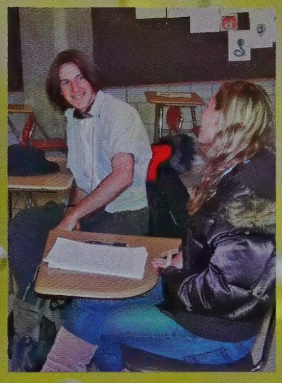

Look at these two - trying to act so cute!

Rikki, the boy's head is not a basketball!

"Sure you can get that announced - *for 5 dollars*"

Dozing off in MATH CLASS! WELL, that's ONE way to COUNT sheep !!!

Guys, the food is yours! There is no reason not to breathe between bites.

You know this must be a junior, they can never keep their mouth's shut!

Stepping into Fall in CRLS Style

Halloween

CRLS Spirit kicked off early with an impressive showing by students and staff both dressed in their halloween finest. Costume contests were held both lunches with awards being given to the best costumes.

Its a battle of technology when Super Mario Brothers tries to take on Mia, the Classic #2.

Winner, Senior, James Fish, leads a group of CRLS students through the judging process.

And the winners are: Nick Szentegorgyi, Khudejha Asghar, & Yessenia Montes

Junior Class Representaive Marilyn Paschal sets the pace for the crowd.

Mr. Baring-Gold and Ms. Grant showed us the scary, "were glad we don't live there" side of Halloween.

Sophmore Class Advisor, Mia Gittlen, getting into the "swing" of it!

There was little room for eating as CRLS students filled the Main Cafe to get a glimps of their schoolmates colorful creations!

Homecoming Dance

Tug of War

For the Freshman vs. Sophomores the Sophomore came out on top and took home the win. Of course the seniors came out on top over the Juniors.

The Silly Relay

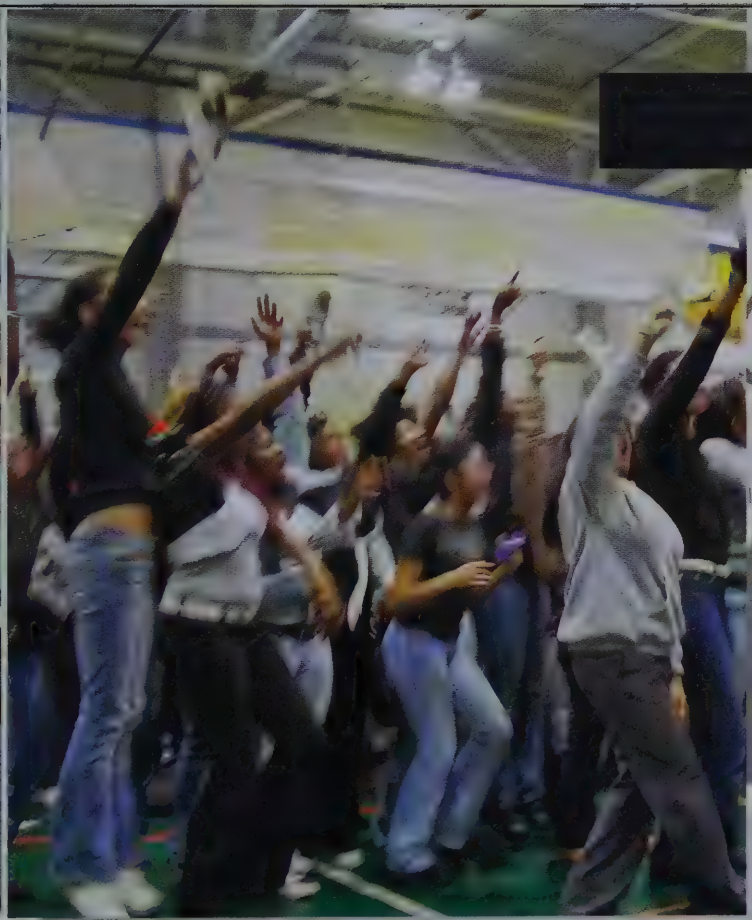

In the silly relay the Juniors take first, in second place is the sophomores, in third places is the Freshman and bring up the rear was the Senior. Clearly this contest was rigged.

ALPINE SKI CLUB

The ski club is the largest club at CRLS. Each trip takes 50 students who are willing to wake up at 2a.m. to have an awesome day on the slopes. Students can either ski or snowboard. To keep the costs of the trips low every year students fundraise at the Harvard Debates, a two-day event at CRLS. Thanks to Jon Baring- Gold the club advisor the ski club has been a huge success.

Cambridge Falcons

2005 Varsity & JV Football

FOOTBALL

The Cambridge Falcons started the season off with a new coaching staff and a new starting line-up.

The season was one of growth and team development with many hard fought campaigns.

In the annual Homecoming game against Everett, our boys showed their stuff and played a tough game only losing by two touchdowns. With the odds against them, they proved themselves a team with a lot of heart and determination; one that refused to quit!

Josh Adams, Shah Ahsanullah, Fritz Alexander, Bnan Almeida, John Altidor, Milti Antonopolous, Alex Antonopulous, Aliazar Asefa, Joseph Attanasio, Ivan Baci, Matthew Baptista, Joel Barnes, Taylor Barnes, Tyler Barnes, Anthony Beckford, Joe Bergin, Nick Brazil, Joe Brown, Julien Buck, Bruce Burke, David Callahan, Jesse Castillo, Mark Cella, Emmanuel Cezar, John Cius, Franky Claudio, Reginald Clement, David Cohen, Tommy Cosgrove, Vinnie Daly, Brandon Davis, George Deroo, Ray Doucette, Homa Ducasse, Shiller Eugene, Chris Francisco, DJ Fullerton, Vashon Givens, Vinson Givens, Allen Glashing, Mohammad Hadjeres, Kyle Holliday-Shariff, Davis Hobbs, Chris Jean Baptiste, Givanni Jean, David Jean-Louis, Joel Jean-Louis, Minknff Joseph, Adam Krebs, Fitz Lee, Domenic Lewis, Claude Louis, Justin Maldonado, Shane McCarthy, Isaih Moore, Tom Moorehead, Alan Motonta, Dylan Mess, Nadew Mezgebu, Patrick Michut, Jamal Modica, Nigel O'Bannon, Tunde Ojo, Stephen O'Neil, Hector Ortiz, Matthew Paschal, Javier Pena, Shedson Pierre, Brandon Poindexter, Nathan Qualls-Betts, Adolpho Ramirez, David Riley, Nate Rookard, Jesse Sparks,, Johnathan Thopmson, Larry Thompson, Chris Valdez, Jerard Warren, Robert Wesley, Mike Wyche

Editors' Note

In true Cambridge style, we had over 40 people join yearbook in the beginning of the year. Now we sit in Mr. Ferguson's computer room finishing up our final deadline with only four students and our advisors.

A lot of work went into the creation of this book, Ms. V and Mr. Ferguson worked tirelessly planning and organizing. We could never have completed this task without their indomitable spirit and determination. We stayed at school late countless times and put in time during vacations and weekends. We worked through the Black & White dance and the Spring Luau.

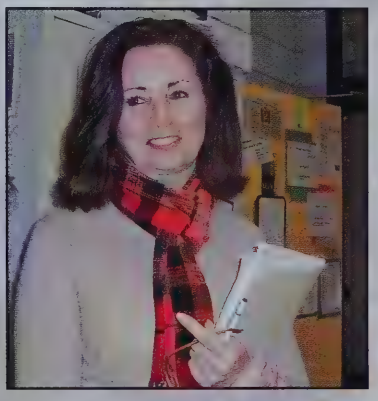

Although it was a lot of hard work (and very stressful), we really enjoyed the process and we are pleased to bring you the best yearbook Rindge has ever seen! After four challenging years, we are finally moving on. This yearbook is a memento of your growth and accomplishments. We hope you enjoy it!

~The Editors

"Shout Outs"

The yearbook committee gives an even bigger shout out to Ms. V and Mr. Ferguson for being incredible yearbook advisors and pushing us through all the 1am deadlines! You guys are AMAZING!!! Thank you so much!!

Dr. Sybil Knight
Principal
2002-2006

Dr. Knight,

Thank you for always having an open door whenever a student needed you. You were a true friend as well as a disciplinarian, keeping us in line whenever we started to stray. You have pushed us to our limits and we have all grown. In everyone's life there is a time to move on from old experiences and learn from new ones. Our time has come. We came to Rindge together four years ago ready to learn and grow. Now, we leave together going our separate ways, ready to tackle new challenges, but never forgetting each other. We wish you the best of luck next year we know you can do it, you did it for us! Thank You.

First Lady of Civil Rights Movement is Revered

Coretta Scott King, the widow of Martin Luther King Jr., died on January 31 at the age of 78. Coretta was a champion for civil rights, disability rights, women's rights and many other causes. As for bringing about great change, she has said, "You must change yourself so that you're prepared to lead people in the direction they should go."

Hurricane Katrina Strikes with a Vengeance

Hurricane Katrina slammed into the Gulf Coast with 140 mile-per-hour winds on the morning of August 29. Katrina is reputed to be the most destructive and costliest natural disaster in United States history. Estimated costs are in the billions.

Nazi Hunter Wiesenthal Dies

Holocaust survivor Simon Wiesenthal, who helped bring more than 1,100 Nazi war criminals to justice after World War II, died on September 20 at the age of 96. The United Nations declared January 27 as the first International Holocaust Remembrance Day. The date is significant in Holocaust history because it commemorates the liberation anniversary of Auschwitz, the Nazi death camp, in 1945.

Iraqis Cast Historic Votes

In December, the United Iraqi Alliance won the country's general elections. Although it failed to gain an absolute majority in parliament. A coalition is likely to be formed with other ethnic groups including the Kurdish alliance. Sunni Arabs also gained seats over the previous balloting. U.S. officials hope that favorable results from the elections will strengthen Iraq's government and help to move along the withdrawal of U.S. troops.

Women in Power

Ellen Johnson Sirleaf, a Harvard-trained banker and survivor of Liberia's brutal politics, took the oath of office to become Africa's first woman to be elected female head of state. In Chile, Michelle Bachelet was elected as the country's first female president. Her first fulfilled campaign promise was splitting the Cabinet down the middle to equally represent both genders, and women were appointed to half of the 20 seats.

Hurricane Katrina caused many people to lose track of their loved ones—including their pets. When owners were forced to rapidly evacuate their homes, many pets were stranded or left behind. Organizations from all over the country sent volunteers to rescue animals and provided needed care before reuniting them with their families. The Humane Society of the United States donated over $4 million in grants to gulf coast animal welfare organizations. The grants were distributed to groups directly affected by Hurricane Katrina.

Blair Gets Third Term

United Kingdom's Prime Minister Tony Blair was elected to a historic third term for the Labour Party. Although his support of the Iraq war divided his backers, Blair still handily outdistanced his opponents and he plans to unite people again in his new term. Blair is only the second Prime Minister to be elected to a third term since World War II.

Respecting Wishes

The media attention given to the Terry Schiavo case and the Supreme Court's intervention caused a spike in the creation of living wills and health directives. Americans took great interest in the legal explications of a living will and many proceeded to draft their own. A living will is one of the best ways to make sure the wishes of a loved one are known and respected.

Base Closings Promise Savings

President Bush endorsed a plan for closing 22 major military bases and reconfiguring 33 others. The plan was developed as a result of recommendations from an independent commission and it will mean an annual savings of $4.2 billion.

Mardi Gras Lifts Spirits

The tradition of Mardi Gras lived on in New Orleans six months after the devastation of Hurricane Katrina. Residents of the city turned out in support of the celebration that is over 150 years old. Many felt that continuing with Mardi Gras reflected their love of the city and showed the world that New Orleans is ready for tourists to visit. The Mardi Gras festivities were not just for adults—the Zulu Social Aid and Pleasure Club hosted a family-friendly party featuring food, music and the introduction of the Zulu King and Queen.

A Really Old Story

Archaeologists revealed the final section of the earliest known Mayan mural. It dates back to 100 B.C. and tells the story of kings and their right to the royal title. The room-sized mural was discovered in 2001 in northeastern Guatemala and was finally completed for viewing in December 2005.

It's For the Birds

The Avian Flu (bird flu) has generated worldwide concern about its potential for spreading to humans. To date, the H5N1 virus strain has apparently infected more birds than humans, and millions of chickens and ducks have been killed in an attempt to prevent the virus from spreading. Although there has been concern about the flu reaching North America from Southeast Asia and sparking a pandemic, experts conclude that the virus has difficulty transmitting between people.

Up Close and Personal With a Comet

NASA's Deep Impact space probe smashed into a comet half the size of Manhattan on July 4 in an effort to reveal secrets of the solar system to scientists. The historic mission allowed scientists to take photos of the comet's surface. Information gathered may some day help scientists save a comet if the Earth were ever threatened.

In the Fast Train

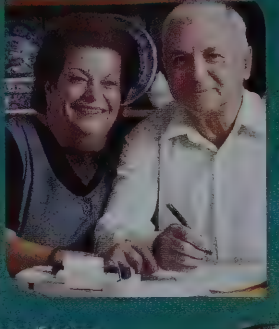

A new contender for the title of fastest train in the world is being tested by the East Japan Railway. The Fastech 360 is expected to carry passengers at a speed of 224 miles per hour, topping the French TGV train's speed by nearly 40 miles per hour. To stop quickly, the Fastech uses spoiler-type brakes that pop up from the roof to create wind resistance.

The Battle Against Malaria

Microsoft founder Bill Gates and his wife Melinda established a $258 million grant to launch Zambia's first nationwide effort to curb malaria. Zambia is a country located in southern Africa with a population suffering from malaria. The three-year plan, aimed at reducing malaria deaths by 75 percent, is designed to get bed nets, medicines, and indoor insecticides to 80 percent of Zambia's population. It is hoped that this model will help other African countries develop national malaria control plans.

To a Long Life

The life expectancy in the U.S. hit another all-time high at 77.6 years. When you compare this number to the 46.8-year expectancy of the early 1900s, you can see we've come a long way. Worldwide, the current life expectancy rate is 64.3 years. Areas with the highest life expectancies are Andorra, 83.5 years; San Marino, 82.1 years; Singapore, 81.6 years; and Japan, 81.1 years.

One Size Doesn't Fit All

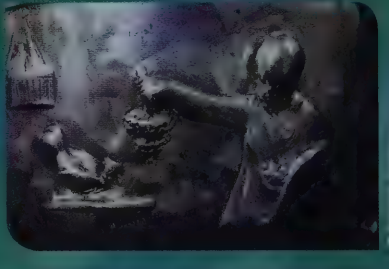

The U.S. Department of Agriculture has come up with a revised version of the food pyramid called MyPyramid. This model for personal nutrition is based on your age, gender, and activity level. It allows for a more customized nutritional plan for each person. The USDA hopes the changed nutritional guidelines will address the growing obesity epidemic in the U.S.—1/3 of adults in this country are considered obese.

Set the Table: Treasures from Ancient Pompeii

On July 18, archaeologists displayed an ancient Roman dining set that had been hidden for two millennia in the volcanic ash of Pompeii, Italy. The decorated cups and fine silver platters were found in 2000. Experts have spent the last five years restoring the pieces that were left behind by their owners as they fled the eruption of the volcano Vesuvius.

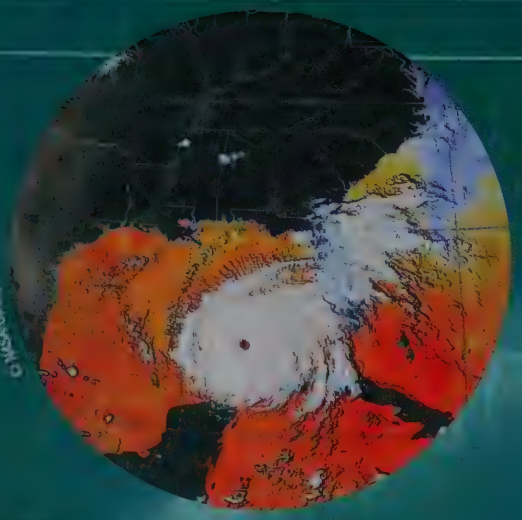

$100 Million Field Trip to the Moon

Space Adventures, one of several privately funded companies in the space race, is selling around the moon jaunts for $100 million. Moon tourists could begin making trips as soon as 2009. SpaceShipOne, the world's first private space ship built last year to encourage space tourism, was donated to the Smithsonian Museum.

British Rescue Sub

The seven-man crew of a Russian mini-submarine was trapped at a depth of over 600 feet. After three days in the bottom of the Pacific Ocean, they finally made it back to port safely. British money efforts sent an unmanned sub to rescue the crew before their oxygen supply was entirely depleted.

Did Global Warming Fire Up the Hurricane Season?

Due to the severity of Hurricane Katrina, many people believe that global warming was responsible for the increased intensity of the year's tropical storms. Today's hurricanes are undeniably stronger than the storms of 30 years ago. However, scientists are still divided over the claim that climate changes caused an intense storm season in 2005.

Long-Shot Giacomo Wins Derby

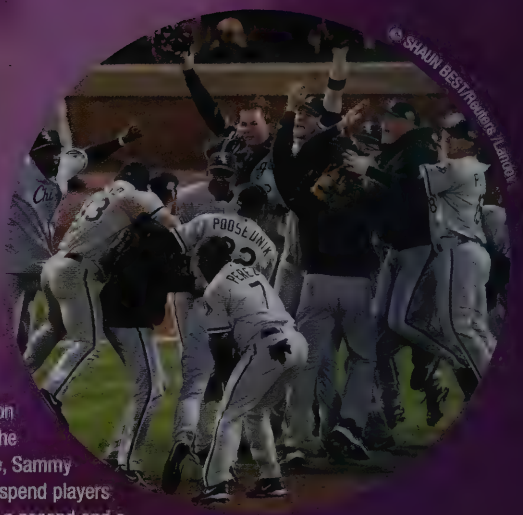

With 50-1 odds, a Kentucky Derby win for Giacomo (pronounced Jock-ah-mo) seemed highly unlikely. Yet, he beat 19 others to grab the lead in the final strides of the race. He won by a half-length over 71-1 Closing Argument. It was the second biggest upset ever in the 131-year history of the race.

Tiger and Phil Win Majors

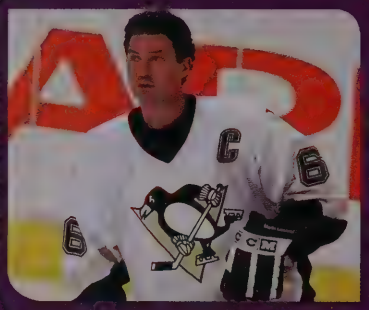

Tiger Woods won the Masters for the fourth time, bringing him to a tie with Arnold Palmer's record. Tiger also claimed victory in the British Open, his tenth major career championship. Phil Mickelson made his mark by winning the PGA Championship by one stroke. The win was Phil's second career major.

Baseball Milestones

For the first time in 88 years, the Chicago White Sox won the World Series championship by beating the Houston Astros in a four-game sweep. The White Sox hadn't won a Series since 1917 and had not played in one since 1959. In the same year, after testimony from players such as Mark McGwire, Sammy Sosa and Rafael Palmeiro, the Players Association agreed to suspend players for steroid use – 50 games for the first offense, 100 games for a second and a lifetime suspension if caught a third time.

Lemieux Retires Again

Mario Lemieux said goodbye to hockey a second time on January 24, 2006, after retiring in 1997 and making a comeback in 2000. The Pittsburgh Penguins center hadn't played in many games due to illness, injury and the players' strike. Lemieux wasn't the only player to miss last season. The NHL is the first North American sports league to lose a year because of a labor dispute. A new labor agreement that was reached in July ended the lockout.

Federer Wins It All

Roger Federer defeated Andre Agassi on September 11 to win his second straight U.S. Open title. In July, Federer beat Andy Roddick for his third straight Wimbledon title. He's the first man in the Open era, which started in 1968, to win Wimbledon and the U.S. Open back to back in consecutive years.

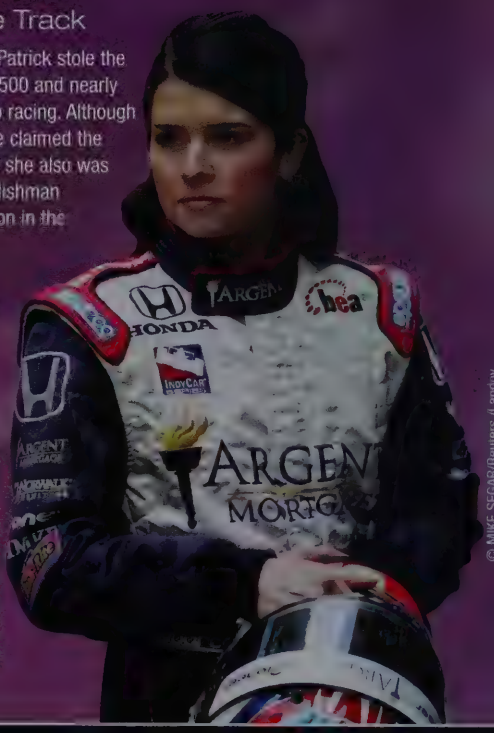

The Tony Award

NASCAR driver Tony Stewart won his second championship cup for the most points. Stewart finished fifteenth in the final race and ran steadily for the entire season. He edged out Greg Biffle and Carl Edwards for this year's cup.

Danica Tears Up the Track

At the age of 23, Danica Patrick stole the show at the Indianapolis 500 and nearly grabbed the biggest purse in auto racing. Although she ended up finishing fourth, she claimed the best finish by a female driver and she also was the first female to lead a lap. Englishman Dan Wheldon won over $1.5 million in the May 31 race.

Monarchs Take the Sun

After sweeping the first two rounds of the playoffs, the Sacramento Monarchs faced the only team to sweep them in the regular season, the Connecticut Sun. The difference came down to the relentless defensive pressure the Monarchs applied, which forced many turnovers from the Sun. The Monarchs claimed the champion title, three games to one.

Winter Olympics 2006: Torino

When it was all said and done, the United States went home with a total of 25 medals—9 medals were gold. The U.S. athletes gave shining performances in Italy and several stood out in the race for the gold. Gold medalists included Shaun White, Snowboarding Halfpipe; Hannah Teter, Snowboarding Halfpipe; Chad Hedrick, Speed Skating 5000m; Seth Wescott, Snowboard Cross; and Shani Davis, Speed Skating 1000m. Shani Davis was the first African American to win an individual gold at the Winter Olympics.

Squirt Alert

A fisherman in Maine snagged an unusual life form while dredging for scallops in deep water. Known as a squirt, it resembles blobs of pancake batter and is not normally found in open water. The squirt has no known predator and smothers any plant or animal that doesn't get out of the way.

Massive South Asia Earthquake

A powerful, magnitude 7.6 earthquake shook the Pakistan-India border region on October 8 and triggered massive landslides that buried mountainside villages. This earthquake originated only about 6.2 miles beneath the earth's surface, which is shallow compared to most earthquakes. The earthquake's shallow nature caused the ground to shake far more violently compared to similar earthquakes that occur deeper in the earth's crust. Over 80,000 died and millions were left homeless as a result.

Dynamic Dinosaur Discoveries

Scientists are using fossils and new technology to learn how dinosaurs lived and died 77 million years ago. The fossil of a duck-billed dinosaur, nicknamed "Leonardo," was discovered in Montana almost completely intact about four years ago. Now researchers can use the latest tools, such as CT scans and supercomputers, to learn how dinosaurs stood, moved and ate.

Dogs Sniff Out Sickness

A new study reported that dogs can detect if a person has cancer by smelling his or her breath. With only a few weeks of training, the dogs could distinguish between patients with lung or breast cancer and healthy patients. Researchers are hopeful that the dogs could help with early detection, which greatly improves survival chances for cancer patients.

Feeling the Heat

On October 6, crews battled a 6,000-acre wildfire that was fanned by the dry Santa Ana winds in California. The blaze had threatened about 100 homes in a sparsely populated area about 60 miles east of Los Angeles. In Oklahoma, drought conditions added to the fire problems as more than 400,000 acres were charred along with 250 homes and businesses.

Rare Crab Find

An extremely rare type of crab pulled from the Chesapeake Bay in late spring was found to be part male and part female. Crabbers know that male crabs have blue claws and female crabs have red claws. This male-female crab had one claw of each color, along with all of the characteristics of both genders. The last report of a male-female crab was in 1979.

World War II Airman Found in Glacier

Two climbers discovered an ice-encased body while hiking 13,710-foot Mount Mendel in California on October 16. The man's body, found within the Sierra Nevada glacier, is believed to be an airman whose plane crashed in 1942. The man was found wearing a World War II-era parachute. The wreckage from the plane and four other bodies were discovered in 1947.

A New Mammal in Borneo?

Scientists investigated whether a red-furred mammal, about the size of a house cat, is in fact a new species. A nighttime camera trap captured an image of the creature in Borneo's rainforest. If it is a new species, it would be the first new mammal species found on the Southeast Asia island in over a century.

Window to the Sea

In November, the world's largest indoor aquarium opened in Atlanta, Georgia. The Georgia Aquarium includes interactive stations and touch tanks for visitors to enjoy. This aquarium holds over 8 million gallons of water and more than 100,000 animals representing 500 species. It's a huge leap in size over the next largest aquarium—Chicago's Shedd Aquarium has 21,000 animals and 5 million gallons of water.

Great Apes in Danger

As few as 350,000 apes remain in the wild and the United Nations Environmental Programme (UNEP) believes they could become extinct within 50 years due to poverty, disease, hunting and logging in the areas where apes live. The UNEP also reported that almost half of the apes' habitat in Malaysia is expected to disappear within 5 years if current building trends continue.

The Queen was not present for the ceremony, but she did attend both the blessing and reception.

Oprah Caught in the Frey

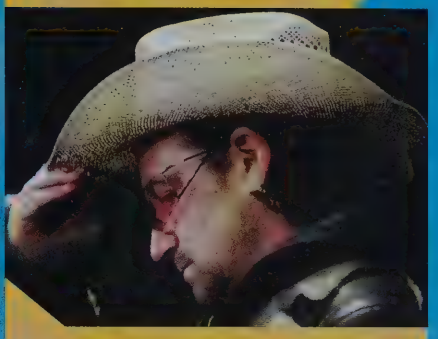

James Frey's book, *A Million Little Pieces*, became the second bestselling title of last year, once Oprah Winfrey touted it as her book club pick. Then the bottom fell out when Frey admitted that he had lied in the book. Oprah vindicated herself by grilling Frey on her show and calling him "Mr. Bravado Tough Guy." Oprah held Frey responsible for misleading millions of readers.

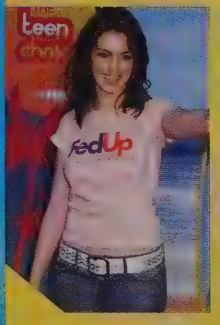

Something to Blog About

Blog was coined as a shortened version of the term Weblog. A blog was a Web site with entries posted by bloggers, and a blogger was defined as a person who shares his or her viewpoints and personal experiences on the Web. Blogging gained a lot of popularity and the attention of major companies, political figures and the media. Blogs were just one more outlet for exercising our First Amendment right to the freedom of speech.

A Game of Logic

Have you caught the Sudoku bug? Millions across the globe are consumed with Sudoku fever. Men, women, boys and girls, young and old alike, have helped to spread this numerical phenomenon. Touted by some to be the best thing since the Rubik's Cube, this game is based on pure logic—no math skills are necessary.

Sudoku (pronounced soo-doe-koo) hails from Japan, where the name is short for "suji wa dokushin ni kagiru" meaning "only single numbers allowed." Even though it became hugely popular in the summer of 2005, it originally hit the United States in 1979 when it first appeared in *Dell Pencil Puzzles and Word Games* magazine.

Object of Sudoku:

Fill the grid with numbers so that every row, every column, and every 3x3 box contains every digit from 1 to 9, without repeating a digit.

To find the answers to these puzzles, log on to our Web site, http://yearbooks.lifetouch.com. You'll find the answers by clicking on the Zoom Sudoku icon.

Try your hand at the three puzzles below (courtesy of www.free-sudoku.net). If you're new to Sudoku, you'll want to start with the Easy puzzle first to get the hang of it. For those of you with more advanced skills, try to see how fast you can complete the Medium and Hard puzzles!
